VNA HEALTH CARE RECOGNIZED AS A TOP COMMUNITY HEALTH CENTER NATIONWIDE FOR QUALITY

Health Resources and Services Administration (HRSA) recognizes VNA for clinical quality, heart and diabetes care, preventive health, and other areas

Aurora, IL — VNA Health Care, the largest Community Health Center in the Chicago suburbs, has been recognized by the U.S. Health Resources and Services Administration (HRSA) as one of the nation's top-performing Community Health Centers, ranking in the top 10% nationwide for overall clinical quality outcomes achieved in 2025.

The recognition reflects VNA's ongoing commitment to providing high-quality, affordable, patient-centered care to nearly 90,000 people each year across suburban Chicago and surrounding communities. VNA received a total of six HRSA awards recognizing performance across several areas of care:

1. Health Center Quality Leader – Top 10%
2. National Quality Leader – Heart Health
3. National Quality Leader – Diabetes Health
4. High-Value Care
5. Preventive Health
6. Advancing Health Information Technology for Quality

"This recognition is a meaningful reflection of the work our teams do every day to provide exceptional care for our patients," said Linnea Windel, President and CEO of VNA Health Care. "As the number of people who rely on VNA continues to grow, we are committed to ensuring that high-quality, affordable health care remains within reach for everyone in the communities we serve."

Together, the awards recognize VNA's performance in clinical quality, chronic disease management, preventive care, operational and cost efficiency, and care access. The Health Center Quality Leader award recognizes VNA's clinical outcomes, which ranked in the top 10% of the nation's nearly 1,400 Federally Qualified Health Centers. The National Quality Leader awards recognize VNA's performance in caring for patients with

heart disease and diabetes. The High-Value Care and Preventive Health awards recognize strong clinical outcomes, effective use of resources, and preventive services such as cancer screenings, while the Information Technology award recognizes VNA's use of telehealth and digital patient engagement to support quality care.
